## **SIEMENS**

Data sheet 3RT2016-2HB42

power contactor, AC-3e/AC-3, 9 A, 4 kW / 400 V, 3-pole, 24 V DC, 0.7-1.25\* Us, auxiliary contacts: 1 NC, spring-loaded terminal, size: S00, suitable for PLC outputs, not expandable with auxiliary switch

| product brand name   | SIRIUS                     |
|--|----------------------------|
| product designation  | Coupling contactor         |
| product type designation   | 3RT2                       |
| General technical data   |                            |
| size of contactor  | S00                        |
| product extension  |                            |
| <ul> <li>function module for communication</li> </ul>  | No                         |
| auxiliary switch   | No                         |
| power loss [W] for rated value of the current  |                            |
| <ul> <li>at AC in hot operating state</li> </ul>   | 0.9 W                      |
| <ul> <li>at AC in hot operating state per pole</li> </ul>  | 0.3 W                      |
| <ul> <li>without load current share typical</li> </ul>   | 2.8 W                      |
| type of calculation of power loss depending on pole  | quadratic                  |
| insulation voltage   |                            |
| <ul> <li>of main circuit with degree of pollution 3 rated value</li> </ul>                                   | 690 V                      |
| <ul> <li>of auxiliary circuit with degree of pollution 3 rated value</li> </ul>                              | 690 V                      |
| surge voltage resistance   |                            |
| of main circuit rated value  | 6 kV                       |
| of auxiliary circuit rated value   | 6 kV                       |
| maximum permissible voltage for protective separation between coil and main contacts according to EN 60947-1 | 400 V                      |
| shock resistance at rectangular impulse  |                            |
| • at DC  | 6,7g / 5 ms, 4,2g / 10 ms  |
| shock resistance with sine pulse   |                            |
| • at DC  | 10,5g / 5 ms, 6,6g / 10 ms |
| mechanical service life (operating cycles)   |                            |
| of contactor typical   | 30 000 000                 |
| reference code according to IEC 81346-2  | Q                          |
| Substance Prohibitance (Date)  |                            |
| Weight   | 0.315 kg                   |
| ambient conditions   |                            |
| installation altitude at height above sea level maximum  | 2 000 m                    |
| ambient temperature  |                            |
| during operation   | -25 +60 °C                 |
| during storage   | -55 +80 °C                 |
| relative humidity minimum  | 10 %                       |
| relative humidity at 55 °C according to IEC 60068-2-30 maximum   | 95 %                       |
| invironmental footprint  |                            |
| Environmental Product Declaration(EPD)   | Yes                        |
| Global Warming Potential [CO2 eq] total  | 153 kg                     |

| Global Warming Potential [CO2 eq] during manufacturing                   | 1.42 kg   |
|--|-----------|
| Global Warming Potential [CO2 eq] during mandacturing                    | 152 kg    |
| Global Warming Potential [CO2 eq] after end of life                      | -0.305 kg |
| Main circuit   | 3         |
| number of poles for main current circuit                                 | 3         |
