# SIEMENS

### Data sheet

## 3RT2017-2AK64-3MA0

power contactor, AC-3e/AC-3, 12 A, 5.5 kW / 400 V, 3-pole, 110 V AC, 50 Hz / 120 V, 60 Hz, auxiliary contacts: 2 NO + 2 NC, spring-loaded terminal, size: S00, captive auxiliary switch

| product brand name  | SIRIUS                     |
|---|----------------------------|
| product designation   | Power contactor            |
| product type designation  | 3RT2                       |
| General technical data  |                            |
| size of contactor   | S00                        |
| product extension   |                            |
| <ul> <li>function module for communication</li> </ul>   | No                         |
| <ul> <li>auxiliary switch</li> </ul>  | No                         |
| power loss [W] for rated value of the current   |                            |
| <ul> <li>at AC in hot operating state</li> </ul>  | 1.5 W                      |
| <ul> <li>at AC in hot operating state per pole</li> </ul>   | 0.5 W                      |
| <ul> <li>without load current share typical</li> </ul>  | 1.7 W                      |
| type of calculation of power loss depending on pole   | quadratic                  |
| insulation voltage  |                            |
| <ul> <li>of main circuit with degree of pollution 3 rated value</li> </ul>                                      | 690 V                      |
| <ul> <li>of auxiliary circuit with degree of pollution 3 rated value</li> </ul>                                 | 690 V                      |
| surge voltage resistance  |                            |
| <ul> <li>of main circuit rated value</li> </ul>   | 6 kV                       |
| <ul> <li>of auxiliary circuit rated value</li> </ul>  | 6 kV                       |
| maximum permissible voltage for protective separation between<br>coil and main contacts according to EN 60947-1 | 400 ∨                      |
| shock resistance at rectangular impulse   |                            |
| • at AC   | 7,3g / 5 ms, 4,7g / 10 ms  |
| shock resistance with sine pulse  |                            |
| • at AC   | 11,4g / 5 ms, 7,3g / 10 ms |
| mechanical service life (operating cycles)  |                            |
| <ul> <li>of contactor typical</li> </ul>  | 30 000 000                 |
| <ul> <li>of the contactor with added electronically optimized<br/>auxiliary switch block typical</li> </ul>     | 5 000 000                  |
| <ul> <li>of the contactor with added auxiliary switch block typical</li> </ul>                                  | 10 000 000                 |
| reference code according to IEC 81346-2   | Q                          |
| Substance Prohibitance (Date)   |                            |
| Weight  | 0.314 kg                   |
| Ambient conditions  |                            |
| installation altitude at height above sea level maximum   | 2 000 m                    |
| ambient temperature   |                            |
| during operation  | -25 +60 °C                 |
| <ul> <li>during storage</li> </ul>  | -55 +80 °C                 |
| relative humidity minimum   | 10 %                       |
| relative humidity at 55 °C according to IEC 60068-2-30 maximum  | 95 %                       |

| Environmental footprint  |                   |
|--|-------------------|
| Environmental Product Declaration(EPD)   | Yes               |
| Global Warming Potential [CO2 eq] total  | 39.6 kg           |
| Global Warming Potential [CO2 eq] during manufacturing   | 1.18 kg           |
| Global Warming Potential [CO2 eq] during operation   | 38.5 kg           |
| Global Warming Potential [CO2 eq] after end of life  | -0.155 kg         |
| Main circuit   |                   |
| number of poles for main current circuit   | 3                 |
| number of NO contacts for main contacts  | 3                 |
| operating voltage  |                   |
| <ul> <li>at AC-3 rated value maximum</li> </ul>  | 690 V             |
| <ul> <li>at AC-3e rated value maximum</li> </ul>   | 690 V             |
| operational current  |                   |
| at AC-1 at 400 V at ambient temperature 40 °C rated value  | 22 A              |
